

## BURNETT IS BACK, HUBBS NOT FOUND

Deputy Sheriff Unable to  
Locate Man in  
Texas.

Unable to find a trace of G. W. Hubbs who left this city two weeks ago after making a worthless bond for his appearance for trial on the charge of obtaining an automobile and \$141 in money under false pretenses, J. P. Burnett, local deputy sheriff, returned to Tulsa yesterday morning. Burnett, on other business connected with the local sheriff's office in several cities in Texas, made an extended investigation as to the whereabouts of the man wanted in this city for obtaining the property from the Foster-Davis Motor Company. Hubbs represented that he had transferred \$2,000 from an El Dorado, Kan., bank to the First National bank of this city and on the strength of this representation the motor company accepted a check for that amount and delivered to Hubbs a new Buick car and \$741. Hubbs was caught in Texas with the car, returned to this city, where he made a bond which proved to be worthless. The purported signers of the bond, Ed White and Jessie Herter, negroes, claim they did not sign the bond and their statements are being checked by evidence collected by county attorney's office.

## NECKTIE WILL APPROVED

County Court Judge Holds Will of Mrs. Jenie Cook to be Valid; Mother Files Appeal.

Admitting the will of Jenie M. Cook, "the necktie woman," to probate, Judge W. B. Williams of county court yesterday rendered a decision in the contested case in favor of Irving U. Jones and W. W. Winkenship, the young men to whom lots 9 and 10, Hodge addition to the city of Tulsa, and 642 acres of Ottawa addition in the city of Ottawa, Kan., were willed.

Mrs. Lovina Cook, mother of the deceased, contested the probate of the will claiming she should have been the beneficiary of the daughter's property. The court held however, that the testimony taken last week that the testator taken last week that the testator was of sound mind when the will was made, August 3, 1917, and that the beneficiaries under the will should become possessors of the property. Notice of an appeal of the case to the supreme court was given by counsel for Mrs. Cook.

## KRYPTOKS THE INVISIBLE BIFOCALS

The great advantage of our bifocal glasses is that it is a return to the eye of youth. They serve every purpose of seeing—just as perfect for distance as for close work. They are ground to meet the NATURAL eye conditions and they do meet them, because no matter what you want to see, whether a "mile away" or a "foot near," the vision is just as perfect as the "vision of childhood."

Neither are there any cracks, seams or dividing lines, just a neat smooth lens with both near and distant vision. Ground in a solid piece of glass.

The business or professional man, the person who uses reading glasses a good deal of the time and is subject to the annoyances of removing them a thousand times each day, will appreciate the convenience and benefit of our Kryptok Invisible Bifocal Glasses. Do not buy glasses from people who go from house to house or town to town. The "eyes you have" are the "only ones" you "ever will have," so guard them carefully.
